

Al Chiarissimo Padre

GIAMMARIA DA VERONA

RIFORMATO

ORATORE QUADRAGESIMALE

. NELLA CATTEDRALE DI VICENZA

L' ANNO MDCCCLVIII

... ..

... ..

... ..

... ..

Onorevoliss. Padre

Il giorno ventinove del decorso Marzo, in cui ebbi l'onore di trovarmi seco lei invitato presso la Nobil Famiglia Orgian, Ella mi fea un' inchiesta gentile; cioè che facessi di darle, trascritti come che fossero, i versi che avea recitati sul finir della mensa.

Non parevami veramente che quel mio povero parto, presso che improvviso, e nè tampoco segnato in carta, potesse valere di tanto; tuttavolta mi sembrò acconcio il risponderle; che dietro qualche necessaria ammenda, avrei fatto senz' altro di secondare i suoi desiderj.

Occupandomi poi in dilatare e pulire un po' il recitato brindisi, non potea starmi contento ove non avessi toccato di alcune sue prediche, come a mo' d'esempio; il peccator moribondo, la Società Cattolica, quelle sul Culto, e parecchie altre, che alla mente mi ricorrevano. Il perchè avvisai di scarabocchiare un altro componimento legato al primo, onde mi fosse dato di accennare qualche nonnulla sui mentovati sermoni.

Adempio dunque così come sò il meglio la mia promessa, presentandole innanzi alla sua partenza da questi dintorni, questi due miei tenui lavori, ch'escono alla luce fregiati dell'illustre suo nome.

Di Vicenza, a dì 6 Aprile 1858.

Il suo Devotiss. Ammiratore

Teodoro Dal Ferro Fracanzani

ALLA MENSA
DELLA NOBIL FAMIGLIA ORGIAN

Viva in uno alla Famiglia
Ei che i nappi c' inverniglia
Infra l' epule, di vino
Orgianese e peregrino.
Viva Ei pur, del chiostro onore,
Che a noi schiuse sì bel fiore
D' alti eloqui, di dottrina
Civil, biblica, divina.
Viviam tutti, e ognor plaudiamo
Degli Orgian la cortesia,
Il convivio, l' amistà;
Questa Dama ornata e pia,
Vivo specchio di bontà;
L' operoso — amante Sposo
Sperto e nobil viator;
La Donzella — che s' abbellà
D' alme doti, di candor:
Ed il culto Cenobita,

Che le vie del Ciel ne addita
Con accento sì forbito
Da invaghirne il cor, l'udito,
Con bel gesto, e sì animato,
Con un dir dolce e vibrato,
Onde l'anima s'india
Come a eterea melodia.
Sì ne apriva il suo pensiero
L'alte pagine del vero ;
Sì lodò da sacro ostello
Lui che è 'Tipo d'ogni bello.
Ah !... sì . . . vivi : e presto riedi
La mia Berga a consolar :
Questi Templi che rivedi,
Ed i pergami, e gli altar
Più t'udiro, e più son vaghi
Di far eco al tuo parlar.

La parola dell' Eterno

Dal tuo labbro a noi bandita,
 Fu ognor farmaco di vita
 A chi porta il core affranto
 Da tempeste rie, dal pianto:
 Favo fu che mel distilla
 A chi l' anima ha tranquilla;
 Fu splendor che l' ombre fiede
 A chi dubita, o discrede:
 Pioggia a tutti che seconda;
 Luce, manna, amor che monda.—
 Emmi in core ognor scolpito,
 Pena ah! sì, del Divin dito,
 L' atro fin che a noi pingesti
 Con tal lume e color mesti,
 Del Filosofo scredente, (*)
 Che ammalìò la Franca gente.

(*) *Foltaire*

Non ci ha venia, non v' ha calma
 All' incredulo, ad un' alma
 Che onestà, virtù conquise;
 Che misteri e Cielo irrise.
 Del Cattolico la Scuola
 Dalla Terra il male invola:
 Dalla Croce Essa deriva,
 E fra gli umili s' avviva:
 Da Lei l' ordine s' apprende,
 Ed ognuno amore intende:
 Odia il vizio e niun dispetta,
 Chè il sol ben d' altrui l' alletta:
 Grandi onora, e guarda oppressi,
 Chè a ciascun con nodi istessi
 I doveri ai dritti lega:
 Folle ed empia è la Congrèga,
 Che nudrita dall' orgoglio
 Rompe guerra all' Ara e al Soglio.
 Sia la Chiesa riverita,
 Onorato il pio Levita;
 Non s' attiri più l' estremo
 Danno il torbido blasfemo.
 Dal Ciel scorto e dall' affetto
 L' alma intenda e lo intelletto
 Il garzone ad alti lumi;
 Ma se oscuro è il suo natale,
 Se all' ingegno ha tarde l' ale
 S' assotigli a industri acumi.

Sia cortese il facoltoso
D' un suffragio al poverello;
Coll' infante sia pietoso,
E coll' egro e l' orfanello,
Non coll' oro delle Scene
Per l' incanto di Sirene;
Si con quel negato al fasto,
E alle dolci voluttà.
E perchè quaggiù non mai
S' otterrà — felicità;
Lieto alzasti sguardo e affetti
Alla Patria degli Eletti;
A quel Cielo, a quella Reggia,
Onde ogn' alma gode, e inneggia
Ad un Sol, che non ha sera.
Da que' rai, da quella sfera
La tua mente penetrò
Nella chiusa augusta cella,
Ove già di Dio l' ancella
Gabriello salutò:
Quella Vergin, quella Sposa
Che di Gerico è la Rosa,
Il cui grembo immacolato
Fu ricetto all' umanato
Divin Verbo, al suo Signor:
Lei che in vetta al santo monte
Fra il Giudaico scherno e l' onte,
La tua cara e flebil voce

Plorò allato della Croce,
Trambasciata . . . desolata . . .
Vera Madre del dolor !
Ah! . . si . . . vivi : e presto riedi
La mia Berga a consolar :
Questi Templi che rivedi,
Ed i pergami, e gli altar
Più t'udiro, e più son vaghi
Di far eco al tuo parlar.

the 1990s, the number of people in the UK who are employed in the public sector has increased by 1.5 million, from 2.5 million in 1980 to 4 million in 1995. The public sector has become a major employer in the UK, and its growth has been a major factor in the overall growth of the economy.

The public sector has also become a major employer of women. In 1980, women made up 40% of the public sector workforce, and by 1995, this figure had risen to 50%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of women in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of young people. In 1980, young people made up 10% of the public sector workforce, and by 1995, this figure had risen to 20%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of young people in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of people with disabilities. In 1980, people with disabilities made up 5% of the public sector workforce, and by 1995, this figure had risen to 10%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of people with disabilities in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of people from ethnic minorities. In 1980, people from ethnic minorities made up 5% of the public sector workforce, and by 1995, this figure had risen to 10%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of people from ethnic minorities in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of people with low qualifications. In 1980, people with low qualifications made up 10% of the public sector workforce, and by 1995, this figure had risen to 20%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of people with low qualifications in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of people with low incomes. In 1980, people with low incomes made up 10% of the public sector workforce, and by 1995, this figure had risen to 20%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of people with low incomes in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of people with low skills. In 1980, people with low skills made up 10% of the public sector workforce, and by 1995, this figure had risen to 20%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of people with low skills in the workforce, and the increasing demand for public services.

The public sector has also become a major employer of people with low health. In 1980, people with low health made up 10% of the public sector workforce, and by 1995, this figure had risen to 20%. This increase has been driven by a number of factors, including the growth of the public sector, the increasing participation of people with low health in the workforce, and the increasing demand for public services.

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000). The prevalence of mental health problems has increased in the general population, and the incidence of mental health problems has increased in the prison population.

There is a growing awareness of the need to address the mental health needs of prisoners. The Department of Health (2000) has published a strategy for mental health services, which includes a commitment to improve the mental health of prisoners. The Department of Health (2000) has also published a strategy for mental health services, which includes a commitment to improve the mental health of prisoners.
